

MOTION BY SUPERVISOR DON KNABE

January 13, 2004

Proposition 58, the California Balanced Budget Act and Proposition 57, the Economic Recovery Bond Act that will appear on the March ballot may have merit and requires further investigation by the Chief Administrative Officer. It would be beneficial for the State to no longer spend more than it takes in, as the state continues to raid local government funding to pay for their overspending.

I, THEREFORE, MOVE that the Board instruct the Chief Administrative Officer to review and report back in 7 days with an analysis of Proposition 58 and Proposition 57.
